

Special

We are praying for the safe return of Natalee

My husband and I have been visitors to Aruba since 1988. We have many friends there. Our friends have had children, some have passed away. We feel that our friends in Aruba are extended family.

We feel that Jossy Mansur and all the reporters who have spoken on TV should be congratulated on the professionalism with which they do their jobs. Ruben (government spokesperson) has also done a good job of reminding the people from North America that Aruba is NOT the United States and does not follow the same government as the U.S. I don't understand why North American people don't seem to understand that the American way is not always the best way.

We are all praying for the safe return of Natalee and I personally feel that this will come to a positive conclusion. Hopefully it will end before too much harm is inflicted on the island.

We will do whatever we can to be goodwill ambassadors for Aruba.
